TESTIMONIAL from David Mckenna, Social Worker

I recently used Fusion Furniture Solutions to re-fit a one bedroom flat for a patient. I only gave them 5 days to do it, and they did it! This consisted of fully furnishing the property including carpet, bedroom furniture, lounge furniture, curtains, domestic appliances and even pots and pans! Fusion met with me and my patient before work started and they were sensitive and empathetic towards my clients needs.

Their thorough service saved valuable care managers time which is such a great help and their prices were also very competitive.

Fusion also take old furniture away and provide an excellent all round service from providing one off items to a total re-fit.

I would certainly recommend Fusion Furniture Solutions to any community care providers.
